

PURE FOOD MEN FAIL TO ARRIVE

And Charge Against Baumer
Brothers Was Dismissed

Accused of Selling Adulterated Milk
—Warrant Issued and Kept
a Secret.

NO WITNESS ON HAND

Last October representatives from the health food department of the state were sent about the state buying milk and butter and sending the samples to Louisville for analysis and as a result of the analysis several dairymen in nearly every section were alleged to have adulterated the milk they sold.

Two dairymen doing business in Paducah were given in the list, one firm being Baumer Bros. and another a dairymen who shortly afterwards left the city.

County attorneys in each county where the adulterated milk was alleged to have been sold were notified of the matter and instructions to procure warrants against the dairymen were issued. County Attorney Eugene Graves in this county was notified that Baumer Bros. milk had been analyzed and instructed him to issue a warrant.

This was done several weeks ago and Tuesday a week ago the case was set for trial, the warrant having been issued in Justice R. J. Barber's court.

The state authorities telegraphed for a continuance on account of the witnesses who analyzed the product having been detained in another city, and would not be able to come here.

The case was accordingly continued until today when the witnesses again failed to arrive and another telegram was received saying that they had missed the train and would not be able to reach Paducah in time. County Attorney Graves was unable to secure an agreement of continuance with Attorneys Bloomfield & Crice, who represented the defendants, and the case was dismissed by Attorney Graves this morning.

It is not clear to the untutored mind what adulterated milk is, except that it is "separating the butter fat from the cream" by chemicals or other separator. It is not known what will now be done in this case, whether the health authorities will insist on carrying it further or not. It is the first time such a case ever came up in the courts here, and the only reason a great deal of interest has not been aroused in it, is because the authorities have kept the prosecution a close secret.

NO FRUIT HURT

WEATHER OBSERVER HORNE-
MANN SAYS CONDITIONS
WERE NOT BAD.

It has been said in some quarters that the fruit had been injured by the cold weather of this week, but Government Observer Hornemann says this is a mistake.

There was some ice Sunday morning, and some frost Monday morning, but Observer Hornemann says that conditions were not such as to damage the fruit. The reports being sent out from other places about the fruit being killed are doubtless as exaggerated as those circulated in this section.

Extensive Forgeries Against the Pull-
man Company—Tragedy at
Washington.

EUROPEAN COTTON WAR

Denver, March 29.—Gov. Penbody and Attorney General Miller held a conference last night at which it is reported it was proposed to instruct Maj. Hill, military commander at Trinidad, to secure a special train and escort beyond the borders of the State "Mother" Jones, of Pennsylvania, W. R. Fairley, of Alabama; Chris. Evans, of Indiana, and Edward Demoli, of Utah. The coal companies say that if these persons are taken out of the district two-thirds of the strikers will return to work.

Forster was a brother of Randolph Forster, one of the assistant secretaries to President Roosevelt. Formerly a sailor, he had been employed in the White House as a clerk for about four years. He had shown evidence of despondency, due, his friends say, partly to the illness of his wife and partly to financial troubles.

BEAT THE PULLMANS.

Chicago, March 29.—Through a system of clever forgeries the Pullman Company has been defrauded out of a large sum of money on refund fares. Five indictments have been returned against Clarence G. Rice, who is being sought by detectives. Rice, it is alleged, gave many assumed names and traveled in Pullman cars for long distances, after which he would present a refund fare check. The matter came before the grand jury on a complaint made by a surety company, employees of various banks on which the checks were drawn and employees of the Pullman company.

LATION.

NEWS OF THE PADUCAH COURTS

Cutting Cases Were Heard in
Police Court Today.

The Wills of Mr. L. W. Boswell and
Mrs. Elizabeth Lehnhard Fil-
ed for Probate.

IN OTHER TRIBUNALS TODAY

Butler Fondaw was this morning
fined \$25 and costs in police court for
cutting Frank Clark in the cordage
factory several days ago.

The evidence showed that Clark had gone to the factory in company with a companion in search of work, and did not know that he was intruding against the rules of the company. Fondaw's father is watchman at the factory and ordered the boys out. They did not go and Fondaw went to the office to secure a policeman and while gone Clark began using abusive language towards the father, and the son took it up. The evidence showed that Fondaw was the real aggressor and attacked Clark first with a cotton hook. Clark secured a knife and stabbed Fondaw twice, once in the breast and once in the arm.

Clark was fined \$1 and costs. The original charges were malicious cutting, but Judge Sanders extended the leniency of the court and let them off with fines and reprimand.

C. E. Blackwell was fined \$15 and costs by confession for violating the Sabbath.

Calter Shelby, white, was arraigned for presenting and flourishing a pistol about Tom Mims, colored and also for a breach of the peace. Both cases were continued.

Joe Single, white, was fined \$5 and costs for riding in a box car.

The case against Charles Broadn, colored, who is alleged to have broken into the Griffin barber shop at Third and Norton, was continued.

Grace Dickerson and Lulu Lyle were fined \$10 and costs each for fighting.

MR. L. W. BOSWELL'S WILL.

The will of the late Mr. Lloyd W. Boswell was today filed for probate in county court.

He leaves all his property, real and personal, to his wife and two daughters to be divided. He requests in his will that the three live together as long as they remain unmarried. No list of his property is given in the will. The appraisers of the estate appointed today are Messrs. E. G. Boone, W. A. Gardner and Hiram Smedley and they will decide the value of the estate.

MRS. LEHNHARDS' WILL.

The last will and testament of the late Mrs. Elizabeth Lehnhard was filed yesterday afternoon in county court and forwarded to Louisville to have Mr. Henry Burnett attest his signature as a witness. She leaves \$100 to her daughter, Hattie Lehnhard, \$5 each to Henry, John and Charles Lehnhard and to George Lehnhard goes the home place on South Fourth street. The personal property is divided between Hattie and George Lehnhard, the latter is executor of the will. The witnesses to the document are Henry Burnett and J. E. Digel.

FURNITURE CASE DECIDED.

Justice Jesse Young, who several days ago tried W. W. Clubb for entering Ed Loog's house and taking furniture from it without a warrant or constable, this morning dismissed the case.

The evidence at first did not show that the defendant had resorted to legal means of securing the furniture, but when a new trial was granted showed that he did procure a warrant of delivery and with an officer did secure the goods. The point of the case to decide was if the defendant, being an agent of an installment house, had the right to enter and take away furniture without an officer.

OFFICER ESTES HAD A ROUGH TIME

Was Assaulted by a Negro Bully
This Morning.

Somewhat Scattered But the Negro
Was Finally Subdued With
a Club.

THE OFFICER NOT HURT MUCH

Officer William Estes had his maid-
en experience with a bully today. He
is a little the worse for wear—but
you ought to see the negro!

Henry Armistead, colored, was using profane language to the annoyance of a number of people at Ninth and Trimble streets, according to the report made at police headquarters.

Officer Estes attempted to arrest him, and he seized the officer by the throat. He was promptly knocked down by a sound rap from the officer's billy, but did not have enough, and when he got up grappled with him, and by seizing him under the eyes and on the nose, painfully gouged and scratched him.

He was knocked down again at this juncture, and given a few raps that will doubtless hold him for a while. The fight started at Ninth and Trimble and wound up a block or two away. When Armistead was taken to the city hall and looked up he was quite bloody. The officer, other than a few scratches was not hurt.

The charge against Armistead will be breach of the peace and resisting an officer. He was not able to be tried this morning and his case will probably come up tomorrow.

Officer Estes displayed remarkable self-control during the melee, as some officers would have shot the pugna cious prisoner down when he began to choke and scratch and would probably have been adjudged justified in it.

Officer Estes is one of the new officers appointed recently and is one of the most popular on the police force. His many friends will be pleased to learn that he was not seriously hurt in the encounter.

Armistead and Alpha Wille, colored, were afterwards warranted for a breach of the peace.

They are alleged to have gone into a restaurant at Ninth and Trimble streets and tried to tear the place up.

Kahn & Co., of the city, for \$1,000 damages for alleged defamation of character, comes up at Mayfield today. Judge W. M. Reed, of the city, is one of the attorneys. Tilley claims that a letter written by the defendant caused him to lose a good job building a house.

BOOTH COMMITTEE STARTS TO WORK

Many Merchants are Ready to Take Space on Exhibit Streets.

Contract For Music and Arch to be Let This Week, Probably Tomorrow.

BUSINESS OF THE COMMITTEE

The Carnival Executive committee held a meeting last night at Hotel Lagomarsino, and transacted considerable business.

Today the booth committee is to start out. It is composed of Messrs. H. C. Rhodes, Jake Wallerstein and Harry Meyers, and its object is to get as many merchants as possible to take space on the exhibit street. The privilege of displaying or disposing of their wares will cost them nothing. The only cost will be for the construction of the booths, which will be lower than the merchants could do it themselves because the contract is let in whole.

Mr. George Ingram, the well known contractor, has been awarded the contract for building the big fence and the booths.

It was decided to hire one band in the city. Which one it will be is left to Messrs. G. R. Davis and Charles Welle, who compose the committee. This band, with the band of eighteen pieces furnished by the carnival company, will be sufficient, it is thought.

The contract for the big entrance arch will be let this afternoon or tomorrow by the same committee, and will go to either Alex. McConnell or Bob McOnne.

Mr. Harry Johnson, chairman of the ticket committee, has ordered the tickets for the week, numbering many thousands.

A letter has been received from Mr. Joe Conley, who made many friends while promoting carnivals in Paducah in recent years, stating that he would be mighty glad to "get back home," and that he had the best attractions on the road this year. He is director of the whole Mundy Company and his many friends here will be pleased to see him again.

There are some things yet to settle in connection with the Palm Garden, or "German Village," but it has been definitely decided to have a vaudeville show in it, as usual.

The site has been definitely decided on, as stated several days ago. It is at 12th and Trimble streets. Another meeting will be held Thursday evening, probably, to consider other matters.

THE PASSOVER

Memorable Jewish Feast Begins Tomorrow Night.

It Lasts Eight Days and Is An Important Religious Anniversary.

The Jewish feast of Passover will begin at 6 o'clock tomorrow evening. The observance will continue for eight days.

Services will be held in all the Jewish temples throughout the world.

During the week of the Feast of the Passover Jews the world over are supposed to eat no leavened bread. They are supposed to subsist so far as breadstuffs are concerned, on unleavened bread in commemoration of the time when the Jews were in bondage in Egypt and were compelled to bake their bread by the heat of the sun. The unleavened bread is known by the name of "matzo."

On Wednesday night, when the observance which is in commemoration of the time when the Jews were delivered from bondage begins, there is held in many Jewish homes what is known as the "Seder."

The "Seder" is a feast attended by the entire Jewish family of a particular household. Many invited guests, numbering those who do not conduct a "Seder," are frequently in attendance at these affairs. Everything eaten at these feasts is to commemorate some particular pain or joy of the Hebrews while in the bondage of Egypt.

WANT TO BLOCK CANAL TRANSFER

A Paris Clique Said to be at Work.

Grafting Lawyers Attempt to Bleed Some of the Spanish War Veterans.

NO ATTORNEY NEEDED.

London, March 29.—British attention is not so closely concentrated upon the far Eastern situation or the fluctuating fortunes of the Balfour governments as to pass without comment the efforts of a Paris speculative clique to block the transfer of the Panama canal. Week-end journals accurately judge the situation. They point out that, even should the French courts of last resort sustain the application of Colombia for an injunction restraining the transfer, there would still be plenty of space within the territory of the Republic of Panama for a route quite as good as the one De Lesseps selected.

That the Washington government having made an offer of \$40,000,000 as demanded by the new company, will tolerate the tactics involved in the pretense that the individual consents to all the members of the new company must be secured before the title can be passed, is ridiculed in London.

"Frenchmen have a false notion of the possibilities of the lobbyist and corruption agent in Washington," says the Spectator. "If they seriously believe they can bleed the United States to the tune of a hundred millions by such a palpable trick."

It is recognized, of course, that the French government is bound to protect the rights of its citizens, but the menace of certain organizations of the Panamais—the scarcely veiled threat of "international complications" over the question—is regarded here as the counsel of irresponsible audacity.

Britons are only less desirous than Americans to have the Panama canal dug, policed and administered by the United States. They have no doubt that such will be the upshot.

"Let us hope," says the echo, "that captions and probably veiled objection raised to the transfer may not delay a work of supreme importance to seaborne commerce. Rather than that let Washington select a new route and leave the French company to their own reflections."

WARNING TO SOLDIERS.

Washington, March 29.—Letters which have been received by members of Congress from constituents indicate that grasping, if not grafting, attorneys of Washington are endeavoring to profit by the recent order of the comptroller of the treasury, as well as the gullibility of ex-soldiers of the Spanish American or Philippine war. The order of the comptroller, which was approved by the secretary of the treasury and all along the line, was that each and every soldier in the Spanish American war, or who served in the Philippines should be entitled to two months' extra pay as a sort of bonus.

These Washington attorneys are busy writing to ex-soldiers of that war, soliciting their business. They inclose a blank for the collection of the extra two months' pay and ask the soldier to give them anywhere from 20 to 40 per cent for collecting the allowance from the government. All that is necessary for one entitled to this extra pay to do, is to secure it, is to write to the auditor of the war department, stating his time of service, his company and regiment, and ask for an application blank to fill in.

The soldier can fill in this blank himself and save attorney's fees for doing the same thing. He need not even write to his member of Congress. The money is in the treasury for him and can be obtained on proper application.

DISFIGURED WITH ECZEMA

Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura Remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever."

THOMAS J. SOTTL, 317 Stagg St., Brooklyn, N. Y.

The above letter was received in 1903 and he again writes on Feb. 19, 1903, "I have not been troubled with eczema since."

The agonizing itching and burning of the skin as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, letter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world.

Sold throughout the world. Cuticura Resolvent, 25c. (in form of Chocolate Coated Pills, 50c. per box of 100, Ointment, 25c. Soap, 25c. Bottle.) London, 57 Chancery Lane, E.C. 4, England. Paris, 1 Rue de la Paix, 2nd Floor. New York, 137 Columbus Ave. Foster Drug & Chem. Corp., Sole Proprietors.

CONTRACTS WERE LET LAST NIGHT

The Additional Station to be at 10th and Jones.

Contracts Let for Two New Chemical Engines—Aerial Truck to Be Improved.

CITY STENOGRAPHER PROPOSED

A meeting of the joint fire committee of the general council was held last night and it was decided to establish the additional fire station for the south side at Tenth and Jones streets, and the Mayor closed a deal with the Whittemore Agency for the ground for \$500.

Last night the contract for two new chemical engines, and alterations to the aerial truck, was let to the Seagrave Company, of Columbus, Ohio, at an aggregate cost of \$5,100. The new engines are to be here within ninety days.

The truck will be changed in such a manner, according to the agreement, that the aerial ladder can be raised in a few seconds, and only two men will be required to man it.

The contract for a new storage battery for central station was let to the Gamewell company at a cost of \$1,635. The contracts will have to be ratified.

The work of remodeling the building at Tenth and Clay streets will begin at once, and that of erecting a station at Tenth and Jones will begin as soon as bids can be secured. The plans used in building the department at Fourth and Elizabeth will be used for the one at Tenth and Jones.

The insurance men are very much pleased to see the city officials so active in the work of improving the fire fighting facilities but say that the 25 per cent. increase will not be taken off until every recommendation has been complied with so far as they can learn from headquarters.

WHISKEY MEN ARE NOW AT WAR

Dissolution of the Distillers Association Predicted.

The Straight Whiskey Men Favor the
New Law—Rectifiers are
Opposed.

MEETING ON APRIL 5

The Kentucky Distillers' association may be disrupted owing to the fight which will be made to break down the constitutionality of the law passed to levy a license tax of 50 cents a barrel on all compounded, rectified, blended and adulterated whiskeys, says the Courier-Journal. The association, which was formed to promote the interests of the distillers of Kentucky, embraces a membership which represents the straight whiskey as well as the blending and rectifying interests. One of its primary objects was to regulate the output of Kentucky whiskey, which has come to be regarded by the straight whiskey interests as a snare.

In the passage of the law placing the 50 cents tax on single stamp distilled spirits, the straight whiskey men and the rectifiers were at cross purposes. It was the support of the former that was partially instrumental in securing the passage of the bill. Representatives of that interest appeared before the committee of the legislature and advocated the passage of the bill. The rectifiers, on the other hand, were violently opposed to any such action by the general assembly and the eventual result of the diverging interests has come to the point where the Kentucky Distillers' association embraces elements that are conflicting as oil and water.

The straight whiskey men say that the law has been passed after long continued efforts on their part, and they will join in the fight to maintain the efficacy of the law which was signed by the governor last week. Edmund W. Taylor, of Frankfort, and Colonel J. B. Thompson, of Harrodsburg, are lined up in favor of the law, and the position taken is that the rectifiers are paying a much smaller tax proportionately than the straight whiskey men, and that the latter need even greater favor in the way of taxation, than they have gained by the passage of the law to place them on an equal footing with the rectifiers.

At the meeting of all the wholesalers in the state, which will be held in Louisville April 5, it will be proposed to organize a permanent association of wholesale whiskey dealers. The organization of that association, it is believed, will mean the dissolution of the Kentucky Distillers' association, as it will bring the majority of the members of the latter association in conflict with the remainder, who are straight whiskey men.

The majority of the wholesale dealers are also distillers, making the whiskey which they sell under private brands of their own, and in that way they are eligible for membership in the Kentucky Distillers' association. The new turn which the business has taken by reason of the tax law places the hand of the rectifying wholesaler against the hand of the straight whiskey distiller, who bottles his product in bond with his private brands, and for that reason those who are familiar with the situation and the interests which are involved in fighting the tax law predict that the organization which has formerly embraced the distillers of Kentucky will be disrupted and that two new organizations will be perfected, each representing the peculiar interests of its members.

CURED CONSUMPTION.

LAX-FOS For the Kidney, Liver and Stomach.

Take KODOL for Dyspepsia

**Sour Stomach
Tired Stomach
Weak Stomach
Puffed Stomach
Nervous Stomach
Gas on Stomach
Catarrh of the Stomach
and all other
symptoms of
Indigestion**

Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach. It is caused by indigestion.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. First comes slight indigestion, then repeated attacks of indigestion, and if something is not done the symptoms mentioned on the left follow in about the order named. Some of these symptoms may not be experienced, while heartburn, headache, constipation and many others may be, but chronic dyspepsia and finally Catarrh of the Stomach is certain to be the result if the proper treatment is not resorted to. KODOL relieves inflammation of the mucous membranes lining the stomach, protects the nerves, and enables the glands to secrete the natural juices of digestion. Its use enables the stomach and digestive organs to transform all of the wholesome food that may be eaten into the kind of rich, red blood that makes health, strength, tissue, brain, brawn and bone.

Douglasville, Ga., May 17, 1902.
I have been traveling for nearly two years and have suffered very badly from indigestion and dyspepsia. I tried several physicians and all kinds of patent medicines, but Kodol is the first and only remedy that has done me any good whatever; now I have only used two small bottles and to my surprise it has cured me sound and well.—B. Recent experiments, by practical tests and examination with the aid of the X-Ray, establish it as a fact that Catarrh of the Stomach is not a disease in itself, but that it is a condition resulting from repeated attacks of indigestion. The stomach and alimentary canal, or digestive tract, is lined or coated with a mucous membrane. Studding the surface of this mucous membrane are the gastric glands. Here, also, are the terminal branches of the pneumogastric nerves, and many branches from the sympathetic system.

TO SECURE HOME FOR K. OF P. WIDOWS

The State Board Asks Various
Cities for Bids.

The Home Will Cost \$25,000, and
Be a Very Desirable Institution.

COMMITTEE NAMED IN PADUCAH

Local officers of the Knights of Pythias have received notice from the Board of Control of the Widows and Orphans' Home Fund for Knights of Pythias, of Kentucky, that the committee desires bids for securing the State home by May 7th, when they will be opened at the Board's headquarters at Dayton, Ky.

The Knights of Pythias are desirous that as many cities as possible enter the contest to secure the home. It will mean the establishment of a creditable institution to cost not less than \$25,000, and the city securing it will each year, or at least at frequent intervals, be the one at which the K. of P. Grand Lodge will hold its annual sessions.

A bonus of \$3,000 is all asked of the successfully for the location of the home, and competition promises to become very active.

It is likely that K. of P. lodges throughout the State will appoint committees to co-operate with public spirited citizens in an effort to secure the location of the home.

Paducah Lodge, K. of P. last night appointed the following committee to take such steps as it deems necessary to secure the home.

Messrs. Chas. Weille, L. A. Lago, Marino, John Nicholas, L. S. Gleaves, Jos. L. Friedman, Alex. H. Kulp, Abram Weil, Al. Young, L. S. Kolb and Mayor D. A. Yeiser.

NEW TRUSTEE.

CAPT. A. M. SEA APPOINTED
FOR THE CONFEDERATE HOME.

Captain Andrew M. Sea, of Louisville, has been commissioned by Governor Beckham as trustee of the Confederate Veterans' Home at Pewee Valley, to succeed the late Harry P. McDonald.

[Captain Sea is a prominent Confederate and has taken an active interest in the home. He is a member of Geo. B. Eastin Camp, serving it as adjutant.

Judge J. W. Jones, a Confederate veteran and formerly a well known lawyer of Bowling Green, died at the Confederate Home at Pewee Valley at the age of 80 years. He was born in Chilpepper county, Va., but lived for many years in Bowling Green. His remains were sent to Bowling Green.

GRIEF KILLS A LION AT ST. LOUIS.

St. Louis, March 29.—After starving itself for almost two weeks because its mate had been taken away, a lion at the Zoological headquarters here died.

A live sheep was recently placed in the cage and bleated in terror, but the lion merely paced back and forth and the sheep was unharmed. The lion was valued at \$3,000.

ASSESSING CASH ON DEPOSIT.

A man of Princeton, Ky., writes to ask the Louisville Herald if it isn't a little hard on Auditors Agent Lucas over his suits against state banks. He says that a report of Auditor Coulter showed that only about one-sixth of the bank deposits were listed for taxation, and adds:

"The justice of requiring taxes on one-sixth of the deposits while five-sixths go tax free is not apparent."

The gentleman is quite right as far as he goes. But suppose he should be asked to pay taxes on his neighbor's farm simply because the assessor had failed to assess it? That would be as reasonable and just as asking banks to pay a tax on something that doesn't belong to them.

The justice of taxing cash on deposit is not denied, but it must be listed by the possessor for taxation or the assessor must in some other way get it for assessment, and it is not right to make anyone except the person who owns it pay taxes on it.

As the Herald explains, "It is utterly impracticable and impossible to enforce it against money and other sorts of elusive personal property which can be 'hid out' on the assessor. The attempt to enforce it has always resulted in perjury, evasion or silent resistance. A conscientious few, amounting, let it be granted, to one-sixth, pay the taxes; the other five-sixths evade or escape it."

That seems to be the situation in a nut shell. If five-sixths of such property is not taxed, it is not the fault of the banks, nor of the assessor. The banks are not required to list deposits for the person in whose name they were placed, and couldn't list them if they were, for all assessments are made as on a certain day, and the depositor may have checked all his money out the day before, and the money on the day of assessment belong to some one else. The assessor cannot list it unless the owner gives it in, for he has no means of ascertaining the amount. The sum and substance of the matter is that probably taxes will never be paid on money on deposit until all men become sufficiently honest to list it for assessment. The Herald adds in conclusion: "Our correspondent

at Princeton may be sure that the effort to tax money that can be 'hid out' will never be more successful in Kentucky than elsewhere. Expertment has proved it to be not only impracticable, but ruinous to business. A law unenforceable, or which even if enforceable would destroy the security of business and property, should go off the statute books.

"The banks cannot be made to pay taxes on money belonging to their depositors without the ruin of banking. How will the banks recover from depositors withdrawn, dead, or failed? It would require a mountain of litigation costing vastly more than the taxation. Auditor's Agent Lucas has forgotten the interests of the state in his efforts to secure large commissions by the possible enforcement of an absurd contention."

Mr. W. J. Bryan, in lecturing in East on "The Prince of Peace," allows himself to express grave fears of a chimerical war between the rich and the poor. Then he says: "Should we say that the outcome will be a war between class and class, to end only in the rule of that class which can take the upper hand and rule because it has the strength? How much better to recognize that all are brothers. Recognition of that doctrine will not rob life of bravery; it will not make us cowards, for it takes a brave man to live righteously before men in the straggled world of today; it requires a brave man to stand up against error in his own political party and to maintain a righteous principle." Mr. Bryan must presume that people who go to hear him are necessarily imbeciles—or they would not go. Is there any well informed person in the country does he suppose, who does not know that Mr. Bryan has done perhaps more than any other one man to array the poor against the rich, to antagonize the classes. If such disseminators of ministerial sophistry, such chronic disturbers of tranquillity as Mr. Bryan, would take a back seat, the classes he professes to befriend would be happier and better off, because they could be more contented.

"Elijah Dowle" is beginning to learn that all people are not as big fools as those he has penned up at Zion City. He has had nothing but rough houses since he reached Australia, and has been chased by the rabble, driven to cover, forbidden the use of town halls, and invited to return to the United States, where the crop of suckers is more abundant.

Admiral Dewey has lost whatever remote chance he may have had of being the Democratic nominee for President. He has publicly denied the report that he declined to stand at San Domingo because he was unwilling to call on Minister Powell on account of his color.

They seem to be getting along swimmingly in Cuba. The whole election board has been arrested on a charge of falsifying the results of the election for Congress. Possibly Cuba will make a pretty good Republic, after all.

"Smoking" children in Paducah as a punishment, promises to go the way of the recent agitation of the corporal punishment question in the schools. It is not likely to become very popular at \$50 per smoke.

By the beginning of the next campaign, the people of Kentucky will probably, at the present rate, have some idea of how bad the Democrats in office really are.

It is about time to predict that the fruit is killed—or shall we wait until we have exhausted the prospects of a flood, "greater than that of '84."

There is not likely to be a rash towards Panama. The government report shows that the mortality rate is 63.32 per thousand.

It has been reported in some of the papers and dispatches that the Pembroke, Ky., negroes who were recently tried for murdering an unknown white man were "to be brought here, but nothing has been seen of them. Thousands Have Written Grateful Letters.

GAINED 38 POUNDS.

Rose Mary, Ala., March 24, 1903.
Thacher Medicine Co.,
Chattanooga, Tenn.

Gentlemen—"I'm forced to give honor to whom it is due. I have been troubled with indigestion and constipation for some time, and with other trouble brought on nervousness. I had different doctors, could not get much relief. Mr. Lipscomb, the clerk for Mr. J. A. Neville, at Rose Mary, Ala., told me of his experiences with Dr. Thacher's Liver and Blood Syrup and urged me to give it a trial, because it had done him much good. I finally concluded to try one bottle. After using half a dozen bottles, I feel like a new man. My nervous system is perfectly strong; appetite good. During my illness I fell from 105 to 67 pounds, but now I have more than regained my weight. I think I can now tip the scales at about 160 pounds. "I most heartily recommend Dr. Thacher's Liver and Blood Syrup to anyone who suffers from like trouble."

Yours respectfully,
ROBT. B. TABB.

FELT UTTERLY DEPONDENT.

Quitman, Ga., May 21, 1903.
Thacher Medicine Co.,
Chattanooga, Tenn.

Dear Sirs—"Last fall I was run down in health that I felt utterly despondent. I had suffered greatly from an inactive liver and irregular action of the bowels. "My food did not agree with me, and I was often made miserable with a sick headache and grew weaker every day. "I tried everything that is recommended for such troubles and found no relief. The first few doses of Dr. Thacher's Liver and Blood Syrup helped me wonderfully, and after taking three bottles I was restored to perfect health and strength. I think it is the best medicine sold to-day."

Very truly yours,
W. W. RAMSEY.

SUFFERED WITH SEVERE HEADACHE.

St. Marks, Fla., Jan. 28, 1903.
Thacher Medicine Co.,
Chattanooga, Tenn.

Gentlemen—"I suffered for a long time from costiveness, which also caused me to have severe headaches and a weak and numb feeling all over my body. My blood also became so bad that the least little scratch on my hands would make a large and painful sore. "I am thankful to say that your Liver and Blood Syrup brought me the longed-for relief, and that I now feel better than I have for many years."

Yours truly,
P. G. DAMBLY.

JUDGE LEON, OF GEORGIA.

Augusta, Ga., 1903.
Thacher Medicine Co.,
Chattanooga, Tenn.

Gentlemen—"I was run down from overwork and troubled with a disordered liver for some months before I began to use Dr. Thacher's Liver and Blood Syrup, and really had no faith in it when I started using it. I am grateful indeed with the results; my system was toned up, my liver became active, in fact, I became another person in two months, so that I was able to resume my duties with renewed strength and vigor and have no more tired feelings, have a splendid appetite, in fact, am restored to perfect health. "I therefore am only too pleased to endorse your medicine."

Very truly yours,
H. D. LEON.

A NEW COACH NOW IN USE HERE

Illinois Central Prompt to Respond to Complaints.

Transfer Boat Daily Expected—Mr. Clarence Knowles Returns.

OTHER LATE RAILROAD NEWS.

The complaint registered against the service between the Illinois Central passenger depot here and the incline at the foot of Campbell street, and reported in the Sun of last week, has already borne good fruit, and the Illinois Central, true to its policy, has immediately installed an excellent service. A first class coach has been put on to take the place of the freight car used for passengers, and while no transfer boat has yet been received here, one is daily expected, and will doubtless be rushed to the city.

Traveling Freight Agent L. T. Swancutt, of the St. Louis division of the I. C., is in the city today on business. It is probable the road will in the near future make every provision for the prompt handling of passengers and freight from Paducah to Brookport.

Effective May 1st, the engineers' and firemen time keeper, Mr. Dave Mosley, stationed in Master Mechanic Turnbull's office here, will be transferred and the office of time keeper in the local master mechanic's office will be abolished.

The engineers and firemen of the Tennessee division will give in their time at Filton where Mr. Mosley will go, and the Louisville division men who report time here will have to report at Trainmaster Henry Schenck's office, where a new time keeper will be stationed.

It is probable that as a result of this change, other changes will result in the local master mechanic's office,

but the nature of the changes can not yet be determined.

Mr. Clarence Knowles, superintendent of water supply of the Springfield, Ill., division of the I. C., arrived yesterday and again assumed duties as superintendent of water supply of the Louisville and Evansville division of the road, the position he formerly occupied.

Mr. Knowles and Mr. T. M. McDonald were transferred several weeks ago, Mr. McDonald coming here and Mr. Knowles succeeding him at Clinton, Ill. Mr. McDonald will return to Clinton to assume the duties of superintendent of water supply there. It is understood the change was not satisfactory to both gentlemen. Mr. Knowles many friends will be pleased to learn of his transfer back.

The I. C. is putting in a big blow pipe in the local wood working shops. The pipe will be used to convey dust and shavings from the interior of the mill to the furnace rooms where it will be burned as fuel. The pipe is being fitted together today and will be ready for service in a few days.

ELKS ELECTION

ONLY ONE NOMINEE FOR EXALTED RULER OF THE LODGE.

The Elks Lodge of Paducah will hold its annual election Thursday night at Elks hall, and a great deal of interest is being taken in it.

For a number of offices there are several candidates, but Mr. Harry G. Johnson, who is in line of succession, is the only candidate for exalted ruler, and will be elected without opposition. Mr. Johnson is a popular and hard working member of the order, and his election will be a pleasure to the large membership in Paducah. As to the other officers, it will take the vote to determine who is to fill them.

The installation takes place at the first meeting night in April, a week after the election.

HAND BADLY OUT.

Albert Entrell, an employee of the Rigsberger mills, got his right hand caught in a saw yesterday afternoon and the member badly lacerated. Dr. J. S. Trouman dressed the injury.

THE INDEPENDENTS ARE CONSOLIDATING

About Thirty-Three of Them are Now in the Agreement.

Local Men Interested in the Big Combine—More Developments Expected.

FOUR STATES ARE INTERESTED

A move which will be of interest to the general public is gradually assuming definite form, and will be in a few weeks terminate with the consolidation of all independent telephone lines in the Ohio valley, it is expected.

Little has been published of the matter and yet two Paducah persons are interested in it, as shown by the letterheads of the concern. The letterheads read, "The Ohio Valley Independent Telephone League" and the officers are President, A. Waller, Henderson, Ky.; vice president, W. A. McGregor, Mt. Vernon, Ind.; treasurer, W. M. Ford, New Harmony, Ind.; and secretary, H. K. Cole, Owensboro, Ky. The executive board bears the names of W. M. Oliver, the Paducah attorney and N. D. Smith, manager of the local Independent Telephone Co. Other members of the board are C. B. Lalor, Brookport, Ind.; J. G. Taylor, Morgantown, Ky., and J. A. Armstrong, Louisville, Ky.

A gentleman who is well acquainted with the purposes and aims of this league today stated, "The chief object of this league is to effect the consolidation of every independent telephone company in Ohio, Indiana, Kentucky and Tennessee, and if this is accomplished, and I have no doubt that it will be, it will mean the biggest telephone company in this portion of the United States. The entire list of companies agreeing to go into it, will consolidate and incorporate under the name 'Ohio Valley Independent Tel-

LOST HIS LEG.

Mr. D. P. Stephenson Run Over by a Street Car.

The Wheels Passed Over His Left Ankle and Hadly Crushed It.

Mr. D. P. Stephenson, of 1352 Broadway, met with a serious accident last night about 9:30 o'clock while attempting to board a Broadway car No. 64, in charge of Motorman McFarrey.

The young man walked out in front of his residence and attempted to swing on the front end of the car. His right hand slipped and he twisted under the wheels of the car. Before the car could be stopped the wheels had passed over the left ankle and the member is so badly crushed, that amputation will probably be necessary. Several physicians were called in and worked with the young man for several hours.

Mr. Stephenson was taken to the I. C. hospital this morning and his leg amputated just below the knee, at noon today.

There are 33 companies so far agreeing to enter and although the Paducah company has not executive powers here to decide, the higher officials have signified a willingness to join and will do so at the proper time, it is thought."

RUSSELL LORD

LOSES TWO BARGES AND ABOUT 4,000 TIES.

The Russel Lord, one of the Ayer & Lord boats, had had luck with her tow near Tiptonville, Tenn. Two barges were sunk, one was totally wrecked with a loss of 4,000 ties and two others were badly stove up. A storm was the cause of the damage.

Captain H. Baker, manager of the company for this district, received word from the officers on the boat yesterday afternoon to this effect.

40 FEET EXPECTED

NO INDICATIONS THAT THE RIVER WILL GO HIGHER AT THIS POINT.

The indications today are that there will not be over 40 feet on the gauge when the present rise reaches its crest. The rivers are falling at Pittsburg, Cincinnati, Louisville, Chattanooga and Nashville.
It is expected that they will be falling at all points in a day or two, unless conditions change. The gauge here is still under the 40 foot mark, and the river is expected to quit rising by Thursday, unless there is more rain.

Mr. and Mrs. Charles Graham, and child, of Smithland, passed through the city yesterday en route to Dawson.

The club is composed of a number of young society women and has been recently organized. It has been very busy ever since its organization, as there have been a number of weddings already and more are to follow this spring. The club is holding a meeting this afternoon with Miss Hallie Itiey, on South Sixth street.

THE CAPTAIN STILL ALIVE.

In The Sun's big edition of last Saturday in the mention of the first election of officers the town ever had it was said that only Messrs. Q. Q. Quigley and W. H. Slack alone were living. This was an error, to this number should have been added the name of Capt. T. J. Atkins, whom everybody knows was not only one of the first officials of the place, but is still one of its oldest and heartiest residents. The captain was one of the first councilmen of the place, and has since served the city in many other responsible positions besides being one of its leading business men.

CHURCH MUSIC

CRITICIZED BY RABBI HIRSH AT CHICAGO.

Chicago, Ill., March 29.—Church music as embodying the spirit of the different religions was the theme on which Dr. Hirsch addressed the congregation at Temple Israel. Some of his criticisms are:

"The text of modern religious hymns are doggerel and the music is the same. These hymns, sung by the congregations, are considered the worst travesty on what music should be.

"American hymns are ragtime dragged into church, and the Moody and Sankey hymns are mostly of this character.

"Jewish music is joyful—it is not a wall for forgiveness from sin, but it voices the insistent hope of Judaism."

BANKERS READY TO FIGHT SUITS

Mr. W. F. Paxton Leaves for Louisville to Attend Meeting.

Plans to Be Formulated for Defending the Banks Against Tax Suits.

FIRST MEET THIS AFTERNOON

Mr. W. F. Paxton, president of the Citizens' Savings bank, left this morning for Louisville to attend a meeting of the committee appointed to consider plans for fighting the suits brought by Auditor's Agent Frank Lucas against the various state banks.

The committee will formulate the lines of defense in the Lucas suits will hold its first meeting at 2 o'clock this afternoon in the offices of the United States Trust company. The suits concern the trust companies which operate under a state charter as well as the state banks, but no national bank is affected, except the national bank of Kentucky, which is sued on taxes for two years prior to the time when it was incorporated under the national banking act. The suits are filed in various counties and it will be within the discretion of the committee whether one suit shall be selected as a test case, making one trial answer for the entire number of actions brought. Nothing has been decided in that direction, but it is not thought probable that all the suits will be fought out, though the matter is one in which the auditor's agent has an equal voice with the banks, which may suggest that plan.

The committee was appointed at the meeting in Frankfort last Saturday, which was attended by bankers from all over the state. The suits will come up at different times, regulated by the date of the court's session in the various counties, and the sense of the meeting was that the most effective and feasible way of defending the suits would be through counsel employed to represent the bankers as a whole in each of the suits as it comes up. That plan is also the most economical and the expense will be prorated.

The committee is composed of Joshua D. Powers, chairman, ex-officio; John W. Barr, Jr., John H. Welch, of Nicholasville; J. J. McHenry, Judge Jere Morton, of Lexington; H. B. Prewitt, of Mt. Sterling; B. G. Witt, of Henderson, and W. F. Paxton, of Paducah.

NO AGREEMENT.

MINERS AND OPERATORS ARE STILL HOPEFUL OF SETTLEMENT.

The sub-committee of miners and operators delegated to discuss the wage scale met the Joint Scale Committee again at Louisville but was not ready to report. Thereupon the Joint scale committee adjourned subject to the call of the sub-committee. It is said that the miners and operators are as far apart on the wage question as they were when their counter propositions were made. Nevertheless the miners are hoping for an early and satisfactory settlement.

Dr. A. B. Caldwell went to St. Charles, Ky., this morning on business.

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.
Copyright, 1902, by McClure, Phillips & Co.

"I couldn't stop him. I didn't know how." She looked at her three companions, slowly and with growing terror, from one face to another. Minnie's eyes were wide, and she had unconsciously grasped Lige's arm. The young man was staring straight before him. The judge got up and walked nervously back and forth. Helen rose to her feet and went toward the old man, her hands pressed to her bosom.

"Ah," she cried out, "I had forgotten that! You don't think they—you don't think he—"

"I know what I think," Lige broke in. "I think I'd ought to be hanged for letting him out of my sight. Maybe it's all right. Maybe he turned and started right back for town—and got there. But I had no business to leave him, and if I can't catch up with him yet." He went to the front door and, opening it, let in a tornado of wind and flood of water that beat him back. Sheets of rain blew in horizontally in spite of the porch beyond.

Helen followed him. "Don't be a fool, Lige," he said. "You hardly expect to go out in that." Lige shook his head. It needed them both to get the door closed. The young man leaned his back against it and passed his sleeve across his wet brow. "I hadn't ought to have left him."

"Don't scare the girls," whispered the other; then in a louder tone: "All I'm afraid of is that he'll get blown to pieces or catch his death of cold. That's all there is to worry about. They wouldn't try it again so soon after last night. I'm not bothering about that; not at all. That needn't worry anybody."

"But this morning!"

"Ishaw! He's likely home and dry by this time. All foolishness. Don't be an old woman."

The two men re-entered the room and found Helen clinging to Minnie's hand on the sofa. She looked up at them quickly.

"Do you think—do you—what do you?"

Her voice shook so that she could not go on.

"The judge pinched her cheek and patted it. 'I think he's home and dry, but I think he got wet first. That's what I think. Never you fear. He's a good hand at taking care of himself. Sit down, Lige. You can't go for awhile. Nor could he. It was a long, long while before he could venture out. The storm raged and roared without abatement. It was Charlie's worst since '31, the old gentleman said. They heard the great limbs crack and break outside, while the thunder pealed and boomed, and the wind ripped at the eaves till it seemed as if the roof must go. Meanwhile the judge, after some apology, lit his pipe and told long stories of the storms of early days and of old freaks of the wind. He talked on calmly, the picture of repose, and blew rings above his head, but Helen saw that one of his big slippers beat an unconscious little tattoo on the carpet. She sat with fixed eyes, in silence, holding Minnie's hand tightly, and her face was colorless, growing whiter as the slow hours dragged by.

Every moment Mr. Willetts became more restless. He assured the ladies he had no anxiety regarding Mr. Harkless. It was only his own dereliction of duty that he regretted. The boys would have the laugh on him, he said, but he visibly chafed more and more under the judge's stories and constantly rose to peer out of the window into the wreck and turmoil, and once or twice he struck his hands together with muttered ejaculations. At last there was a lull in the fury without, and as soon as it was perceptible he announced his intention of making his way into town. He "had ought to have went before," he declared apprehensively, and then, with immediate amendment, of course he would find the editor at work in the Herald office. There wasn't the slightest doubt of that, he agreed with the judge, but he better see about it. He would return early in the morning and bid Miss Sherwood goodbye. He hoped she'd come back some day; hoped it wasn't her last visit to Plattville. They gave him an umbrella, and he plunged into the night, and as they stood for a moment at the door, the old man calling after him cheery good nights and laughing messages to Harkless, they could see him fight with his umbrella when he got out into the road.

Helen's room was over the porch, the windows facing north, looking out upon the pike and across the fields. "Please don't light the lamp, Minnie," she said when they had gone upstairs. "I don't need it." Miss Briscoe was sitting about the room hunting for matches. In the darkness she came to her friend and laid a kind, large hand on Helen's eyes, and the hand became wet. She drew Helen's head down on her shoulder and sat beside her on the bed.

"Sweetheart, you mustn't fret," she soothed in motherly fashion. "Don't you worry, dear. He's all right. It isn't your fault, dear. They wouldn't come on a night like this."

But Helen drew away and went to the window, flattening her arm against the pane, her forehead pressed against her arm. She had let him go; she had let him go alone. She had forgotten the

danger that always beset him. She had been so crazy; she had seen nothing, thought of nothing. She had let him go into that and into the storm alone. Who knew better than she how cruel they were. She had seen the fire leap from the white blossom and heard the ball whistle, the ball they had meant for his heart—that good, great heart. She had run to him the night before. Why had she let him go late the unknown and the storm tonight? But how could she have stopped him? How could she have kept him after what he had said? He had put it out of her power to speak the word "Stay!" She peered into the night through distorted tears.

The wind had gone down a little, but only a little, and the electrical flashes danced all round the horizon in magnificent display, sometimes far away, sometimes dazzlingly near, the darkness doubly deep between the intervals when the long sweep of flat lands lay in dazzling clearness, clean out in the washed air to the finest detail of stricken field and heaving woodland.

A staggering flame cleaved earth and sky, and sheets of light echoed it, and a frightful uproar shook the house and rattled the casements, but over the crash of thunder Helen heard her friend's loud scream and saw her spring back from the window with both hands, palms outward, pressed to her face. She leaped to her and threw her arms about her.

"What is it?"

"Look!" Helen dragged her to the window. "At the next flash! The fence beyond the meadow!"

"What was it? What was it like?" The lightning flashed incessantly. Helen tried to point. Her hand only jerked from side to side.

"Look!" she cried.

"I see nothing but the lightning!" Minnie answered breathlessly.

"Oh, the fence! The fence! And in the field!"

"Helen! What was it like?"

"Ah, ah!" she pointed. "A long line of white looking things—horrible white!"

"What like?" Minnie turned from the window and caught the other's wrist in a strong clasp.

NO APPOINTMENT

Of Colonel for the Third Regiment Yet.

Captain B. B. Davis' Friends Think He Can Get It If He Wants It.

The local militiamen are interested over the appointment of a colonel for the Third Kentucky regiment, and think that Captain B. B. Davis, can secure the office if he will only agree to take it.

"It is understood," an officer of the Wheeler Guards stated this morning, "that Governor Beckham has indirectly acknowledged his choice and preference in Captain B. B. Davis, who can get it if he wants it."

Captain Davis has a great deal of work to do and it is not known whether he could find time to attend to the duties should he accept, but his many friends are urging him to favorably consider his chances and accept the appointment.

PLAYERS ARE ON THEIR WAY NOW

Tickets Wired to Members of
the Paducah Club.

Cincinnati Colts Are Coming to Pa-
ducah Next Week for
Games.

LATE BASEBALL GOSSIP

Manager John S. Ray, of the Paducah league baseball club, yesterday afternoon wired tickets to all the Paducah players with orders to report at once, and several are expected on the night trains.

Manager Ray yesterday afternoon received a telegram from the Cincinnati Colts asking for a date for the 5th and 6th here, and wired back that the dates were accepted and to come ahead. Nothing further of the matter has been heard, so it is presumed the Cincinnati team will come on Monday and Tuesday.

"I did not care to make a date for so early in the season as my team will be in had form to meet my team," Manager Ray explained. "The players will not have the proper time to practice and get in shape before the big team is here, and I am afraid we will not make it interesting for them. I did not care to have my team sized up from what work it will do in these first few exhibition games, as it will have to be worked out and the men selected."

The first game of the season will be played on the afternoon of the 3rd, and twenty-five cents admission will be charged. The players will be the entire lineup of men who report here for trial, and Manager Ray intends to equalize the teams in order to make an interesting game.

Grover Land and J. H. McClain, the former of Frankfort and the latter of Ozan, Mo., were ordered to report here for trial. They are catchers, and McClain catches West, the six foot giant pitcher Paducah has secured from Ozan.

Today Manager Ray and laborers went to work on the grounds repairing the damage from heavy rains and will have the grounds in good condition in a day or two. A harrow will be used in loosening the ground and after it is leveled it will be thoroughly rolled with a heavy roller.

The Hopkinsville, Henderson and Clarksville teams are signing players as fast as they can get them. Henderson managers are confident of winning the pennant. Little is heard of Cairo but she is relying on a few of her last years stars.

The executive board of the Clarksville association this year is composed of Messrs. S. M. Griawold, Ed. Morrow, John Danlop and Clay Stacker, Jr.

DOGS EXECUTED

FORTY-THREE KILLED BY ELECTRICITY LAST NIGHT.

The dogs for which no owners were found were last night killed by electricity in the big wooden cage back of the city hall. A wire from the trolley system was run through the alley to the canine prison, and large pieces of sheet iron were placed in the bottom of the cage. Wires were attached, the current turned on, and the dogs were driven from the sides of the cage onto the deadly sheet iron, to their doom. It required some little time to kill them, and forty-three in all were killed.

A bull dog seemed to be too much for the electricity, as it didn't kill him, even after burning his hair wherever it touched the highly charged iron. Finally he was taken out and knocked in the head.

The bodies of the dogs were taken out near the post house and kindling and kerosene placed on them, and they were then cremated.

It is announced that tomorrow more dogs will be taken up, and killed if no tax is paid on them.

CINCINNATI COMING.

Manager Ray this afternoon received positive assurance that Cincinnati would play exhibition games here April 5, and 6 instead of 4 and 5, the dates given in another place. He also signed up with Nashville for April 10.

Mr. Lee Nance, of the American Express company is sick.

THE OLDEST MINISTER

Of the African M. E. Church is Dead.

Levy Evans, Colored, Built the First Church Below Mason & Dixon's Line.

Rev. Levy Evans said to be the oldest colored preacher in the state, and the man who organized the first African Methodist Episcopal church south of Mason and Dixon's line, is dead at Louisville.

He was 77 years old, and had been preaching for more than 50 years. Levy Evans was born a free man at Alexandria, Va. in 1827. Before he was 21 years old he came to Kentucky.

He became a leader in the Methodist church. In 1845 he was ordained deacon by the Rev. Paul Quinn. Six years later he went to St. Louis, where he was ordained elder, and was then sent from place to place as a traveling missionary.

During his travels he returned to Louisville and organized the first African Methodist Episcopal church south of Mason and Dixon's line. His little congregation built a frame church on Ninth street, near Green, and called it Quinn Chapel.

Six years ago he was placed on the superannuated list and retired. During the past four years he had been unable to leave his home.

The venerable minister is survived by eight children, twenty-two grandchildren and two great grandchildren.

As the Rev. Evans was the oldest colored Mason in Louisville the seven lodges of colored Masons attended his funeral.

DOG FIGHT

TWO ANIMALS ATTRACTS A LARGE CROWD ON LOWER BROADWAY.

The big bull dog at Mr. Kahn's tented out this morning shortly before 11 o'clock and met a tartar in the shape of a large yellow dog which appeared to have fighting blood in him.

They fought for some time, on Broadway near Maiden Alley, were dragged from in front of cars and separated a time or two, but always got back together again. They must have fought half an hour before it became evident that one would get killed, and they were torn apart and taken away. Kahn's dog was not hurt, apparently, although covered with blood, the blood being from the other dog. The owner of the strange dog is not known.

T. G. Elder, of 1801 Monroe street, carpenter at the Illinois Central railroad, says: "A friend of mine who had procured Doan's Kidney Pills at DuBois & Co's drug store and used them in his family recommended them so highly that I gave a little girl of ours, 10 years of age, a course of the treatment. We had given her so much medicine for kidney weakness that she absolutely refused to take anything, but finally coaxing succeeded. Before she completed the use of two boxes we stopped giving her the remedy because she no longer required it."
